Historical Recordings by Hugh Tracey is a new series, not a re-release of previous LP albums on cd. It also includes many tracks never published before, and all previously released items can be heard in their unexpurgated entirety for the first time.

The series is a reappraisal of Hugh Tracey’s lifework, finding itself somewhere in between his more populist Music of Africa series of 25 LPs and his more academic Sound of Africa series of 218 LPs. In this series we are able to present many of the foremost musicians of the 20th century from this part of Africa, and that is a gift. It is especially a gift to the peoples involved, for the legacy as played by their forebears belongs to them.

Michael Baird 2006

The Music of Africa Series was produced by Hugh Tracey in the early 1960s as an off-shoot of his 218 LP Sound of Africa Series, in order to present African music to a general audience. ILAM has re-issued, without modifications, the original 25 LP series in CD format (The numbering, cover images and liner notes of the original LPs has been retained).

Hugh Tracey presented the music on these albums according to instrument type, geographic region, and in the case of Princess Magogo, to feature an exceptional musician. The original LPs are true collector’s items. Enjoy the storytelling of African folktales by Hugh Tracey himself on Music of Africa 17, 33, 34, & 35.

The International Library of African Music is pleased to announce that the entire back run of *African Music* is now accessible online through JSTOR, the not-for-profit digital archive.

Users at institutions that participate in JSTOR’s Arts & Sciences VIII Collection are able to browse, search, download, and print the full-text PDF versions of all past articles from the first issue in 1948 (as *Newsletter of the African Music Society*) up until the most recent five years of publication.

The International Library of African Music is proud to collaborate with JSTOR to preserve and make widely available the historic literature of our field.

JSTOR is a not-for-profit service that helps scholars, researchers, and students discover, use, and build upon a wide range of content in a trusted digital archive of over one thousand academic journals and other scholarly content.
