A piece of sad news, but one with a happy ending, is the loss of our Committee member, Sally Poole. After a lifetime of working and living in the Eastern Cape, Sally has left us to live in Cape Town and to be near her daughter.

She has been an enthusiastic and dedicated LAHS Committee member and for years a respected researcher at Cory Library. We have worked well together planning and researching our Society's outings. We wish Sally well in her new home in Pinelands and hope she will keep in touch with LAHS.
